Defensive Skills & Checking Clinic

Focus will be on specific defensive skills and concepts for all players. Players will learn skills needed to play when they don't have the puck (95% of the time). Body play and checking will be emphasized. Proper techniques for giving and taking checks, along with more advanced defensive concepts and play.

Goal Scoring & Small Games

Specific instruction on shooting, and various techniques & concepts for improving goal scoring. After instruction, players will be able to utilize what they learned while playing small games.

Small Area Games are competitive games designed to replicate real game situations. Players get maximum puck touches & repetitions of game situations. The Benefits include improvement of overall skills, better recognition of offensive and defensive situations, improving quickness of transition, opening up creativity and experimentation, better game vision, and increased work ethic.
